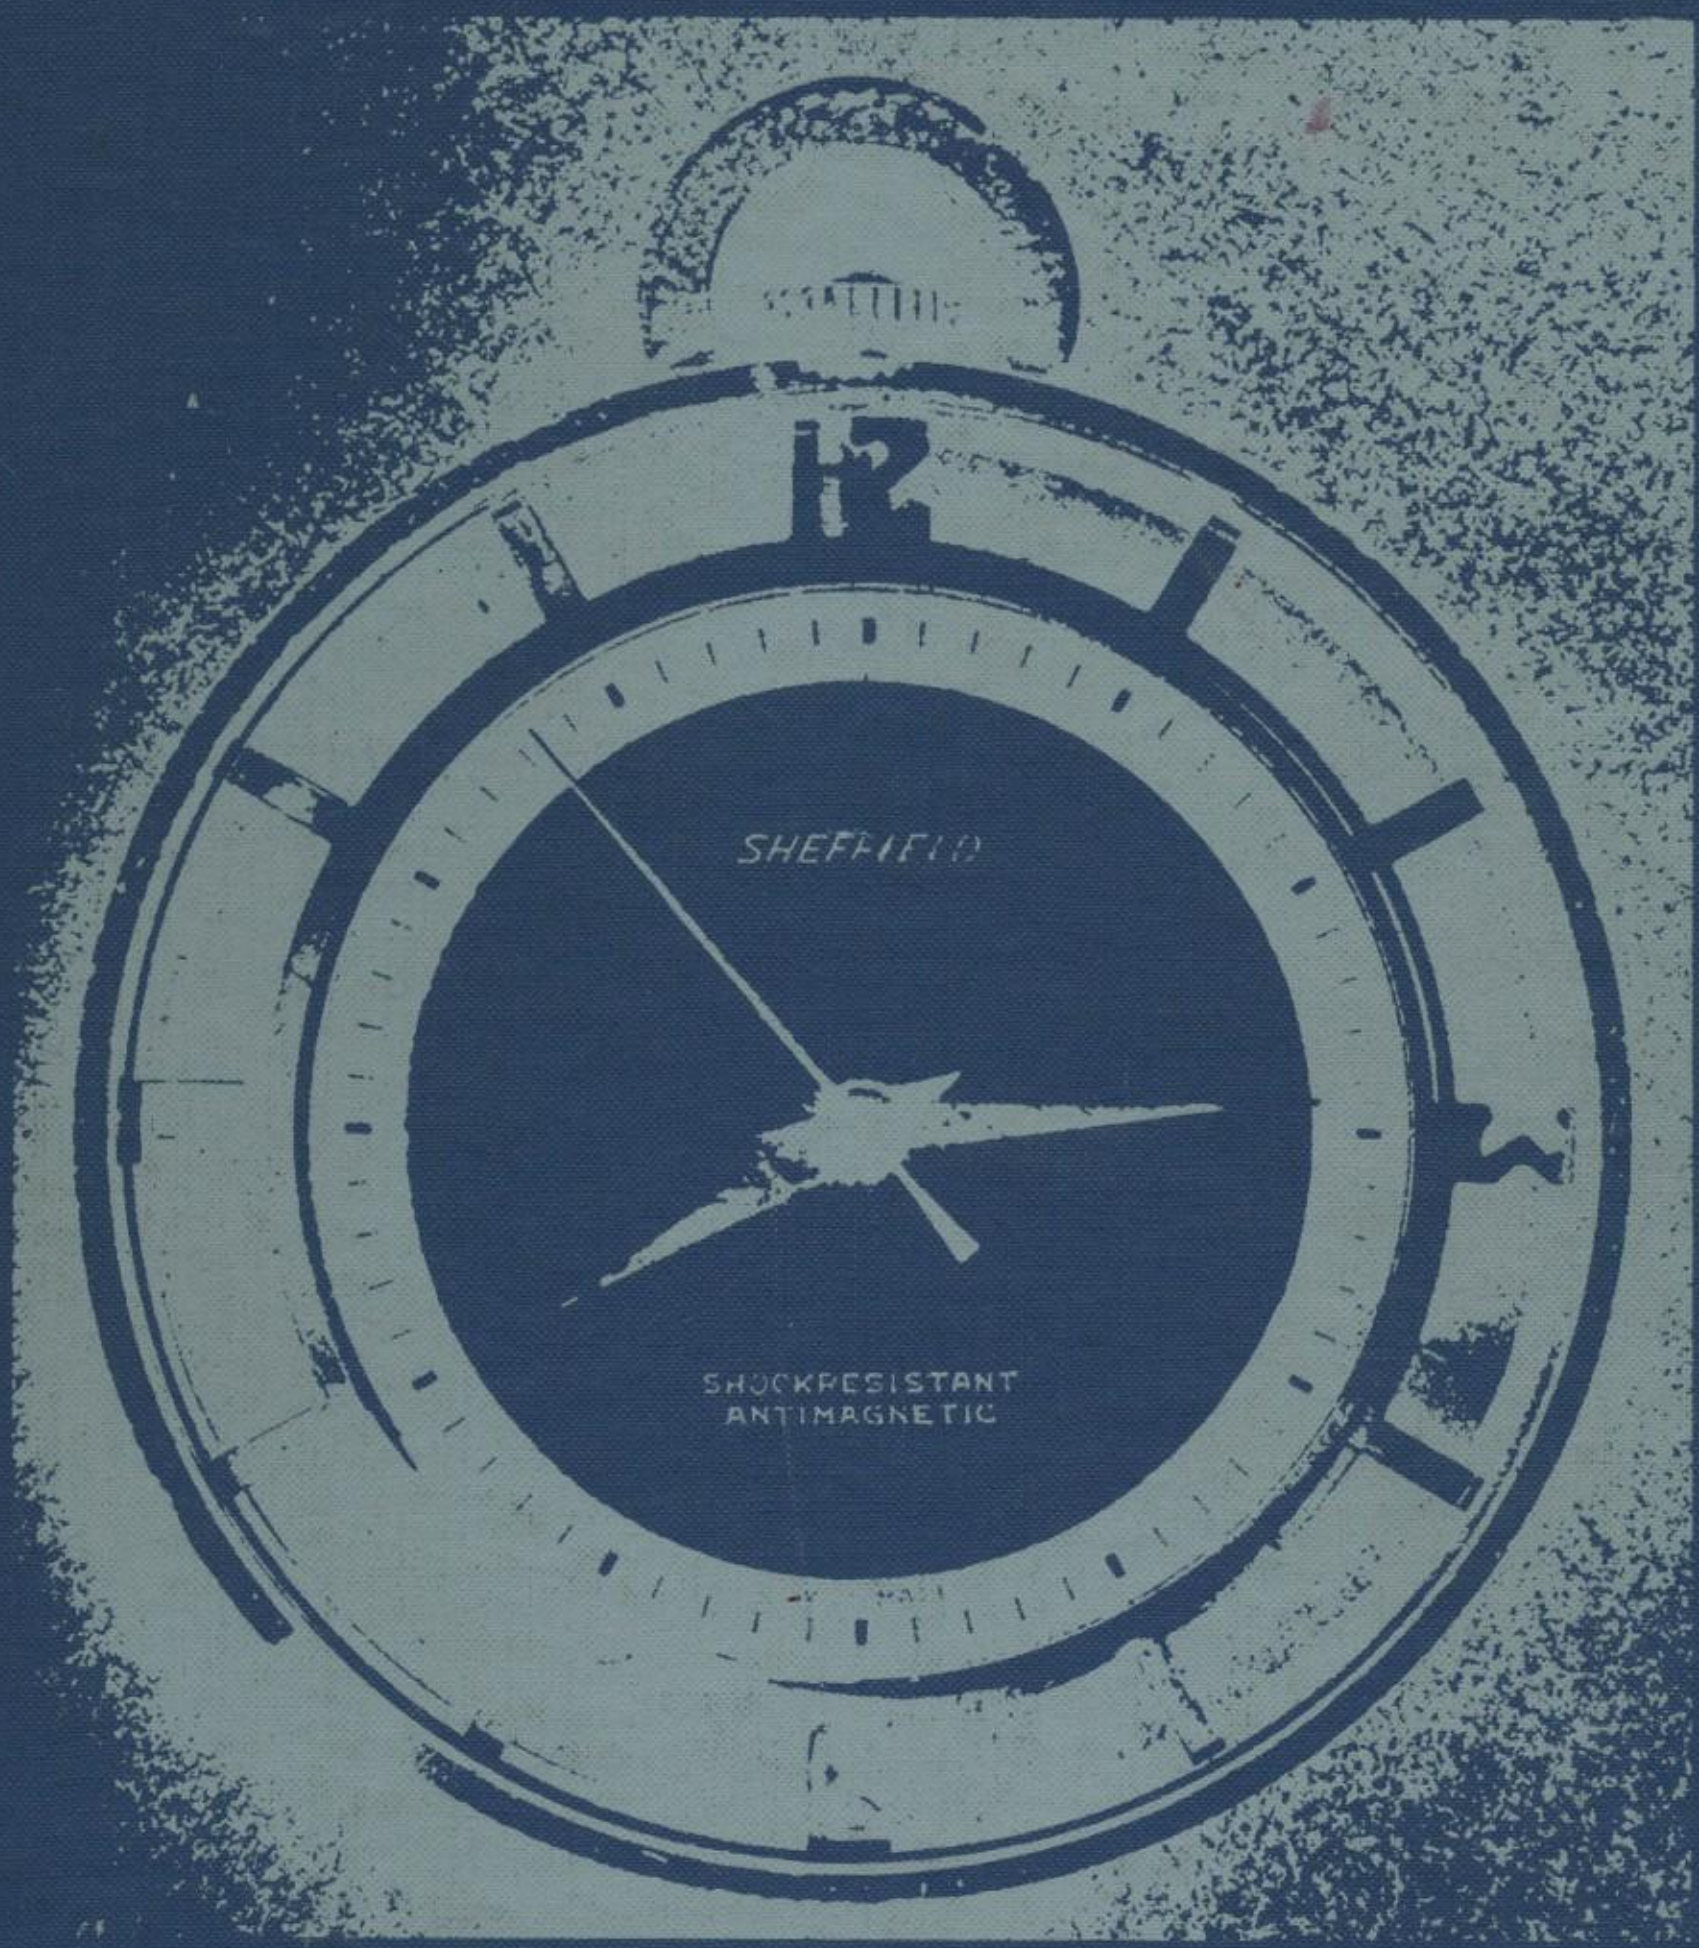
UNALIYI

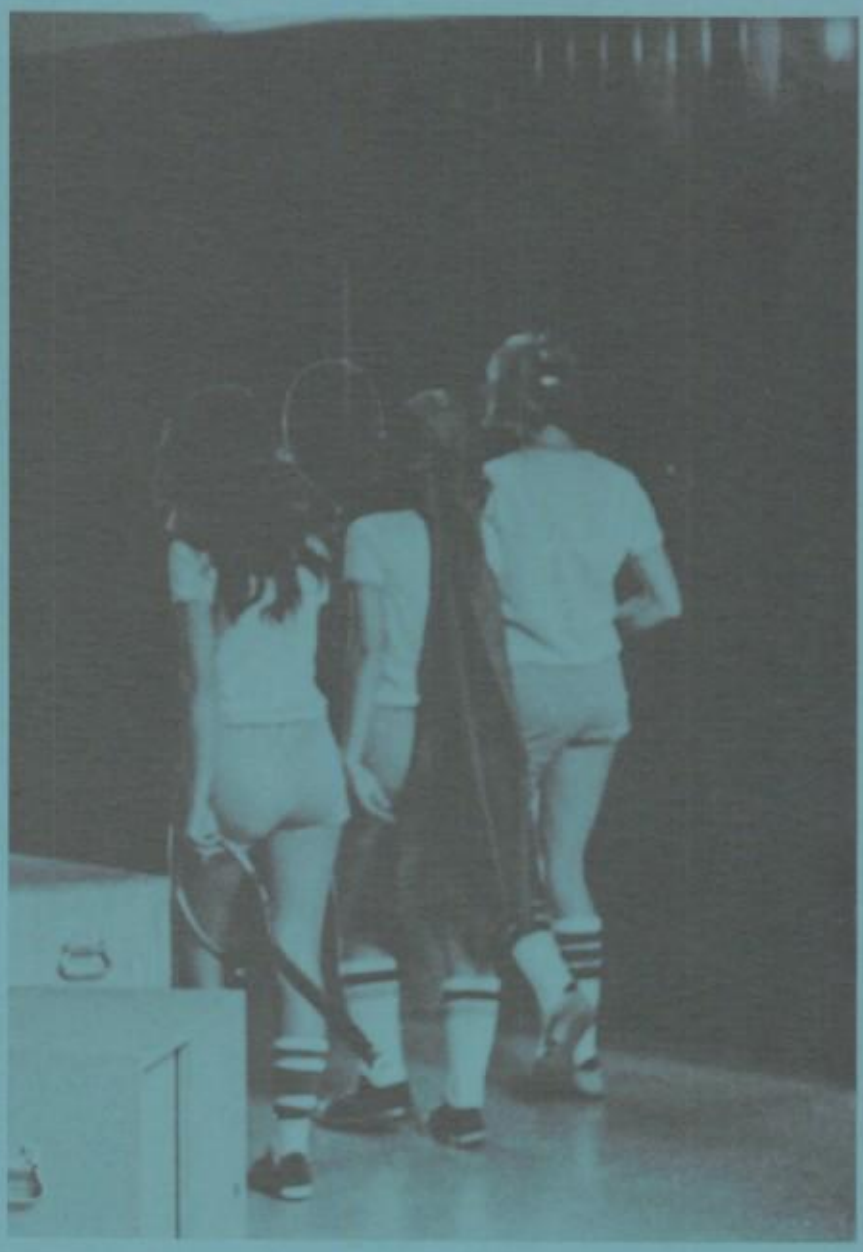


1977

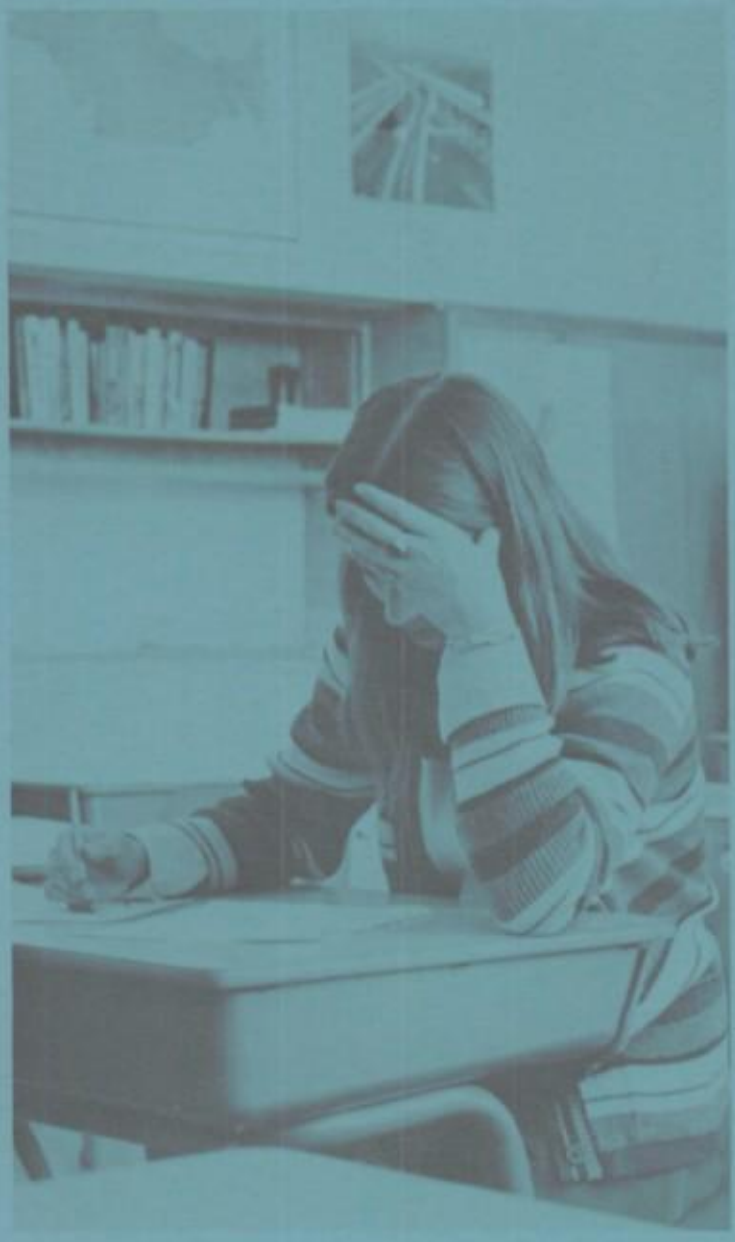
Every day has been so short,
every hour so fleeting,
every minue so filled with the life I love,
that time for me
has fled on too swift a wing.

—Aga Khan

To everything there is a season,



There is . . .
a time to win;
a time to lose;
a time to kill;
a time to heal;

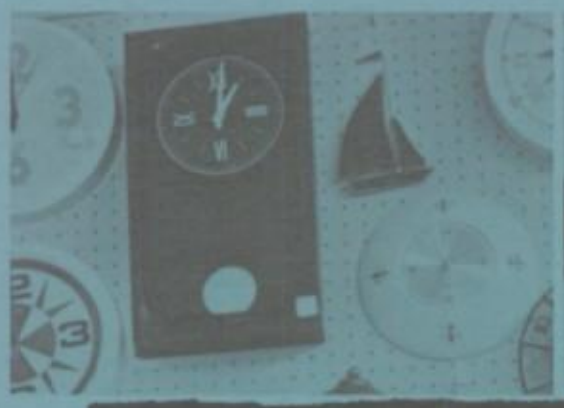


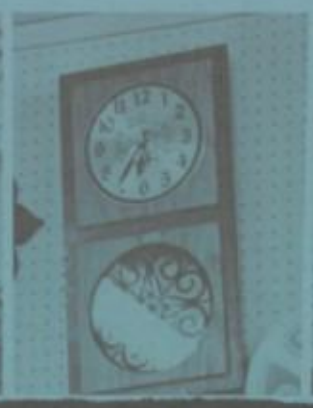
a time to embrace;
a time to refraim from
embracing;
a time to be silent;
a time to talk.

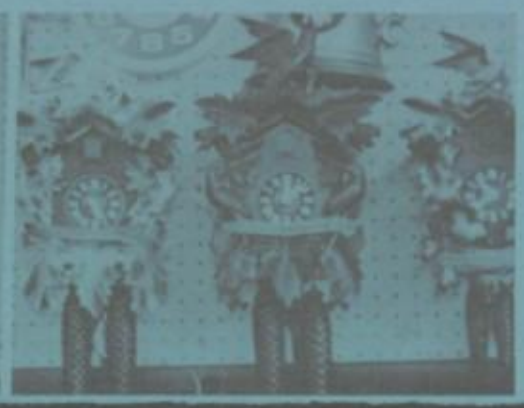
Ecclesiastes 3:1-8

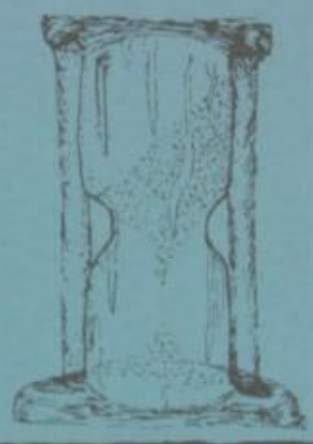
and a time to every purpose under the heaven.

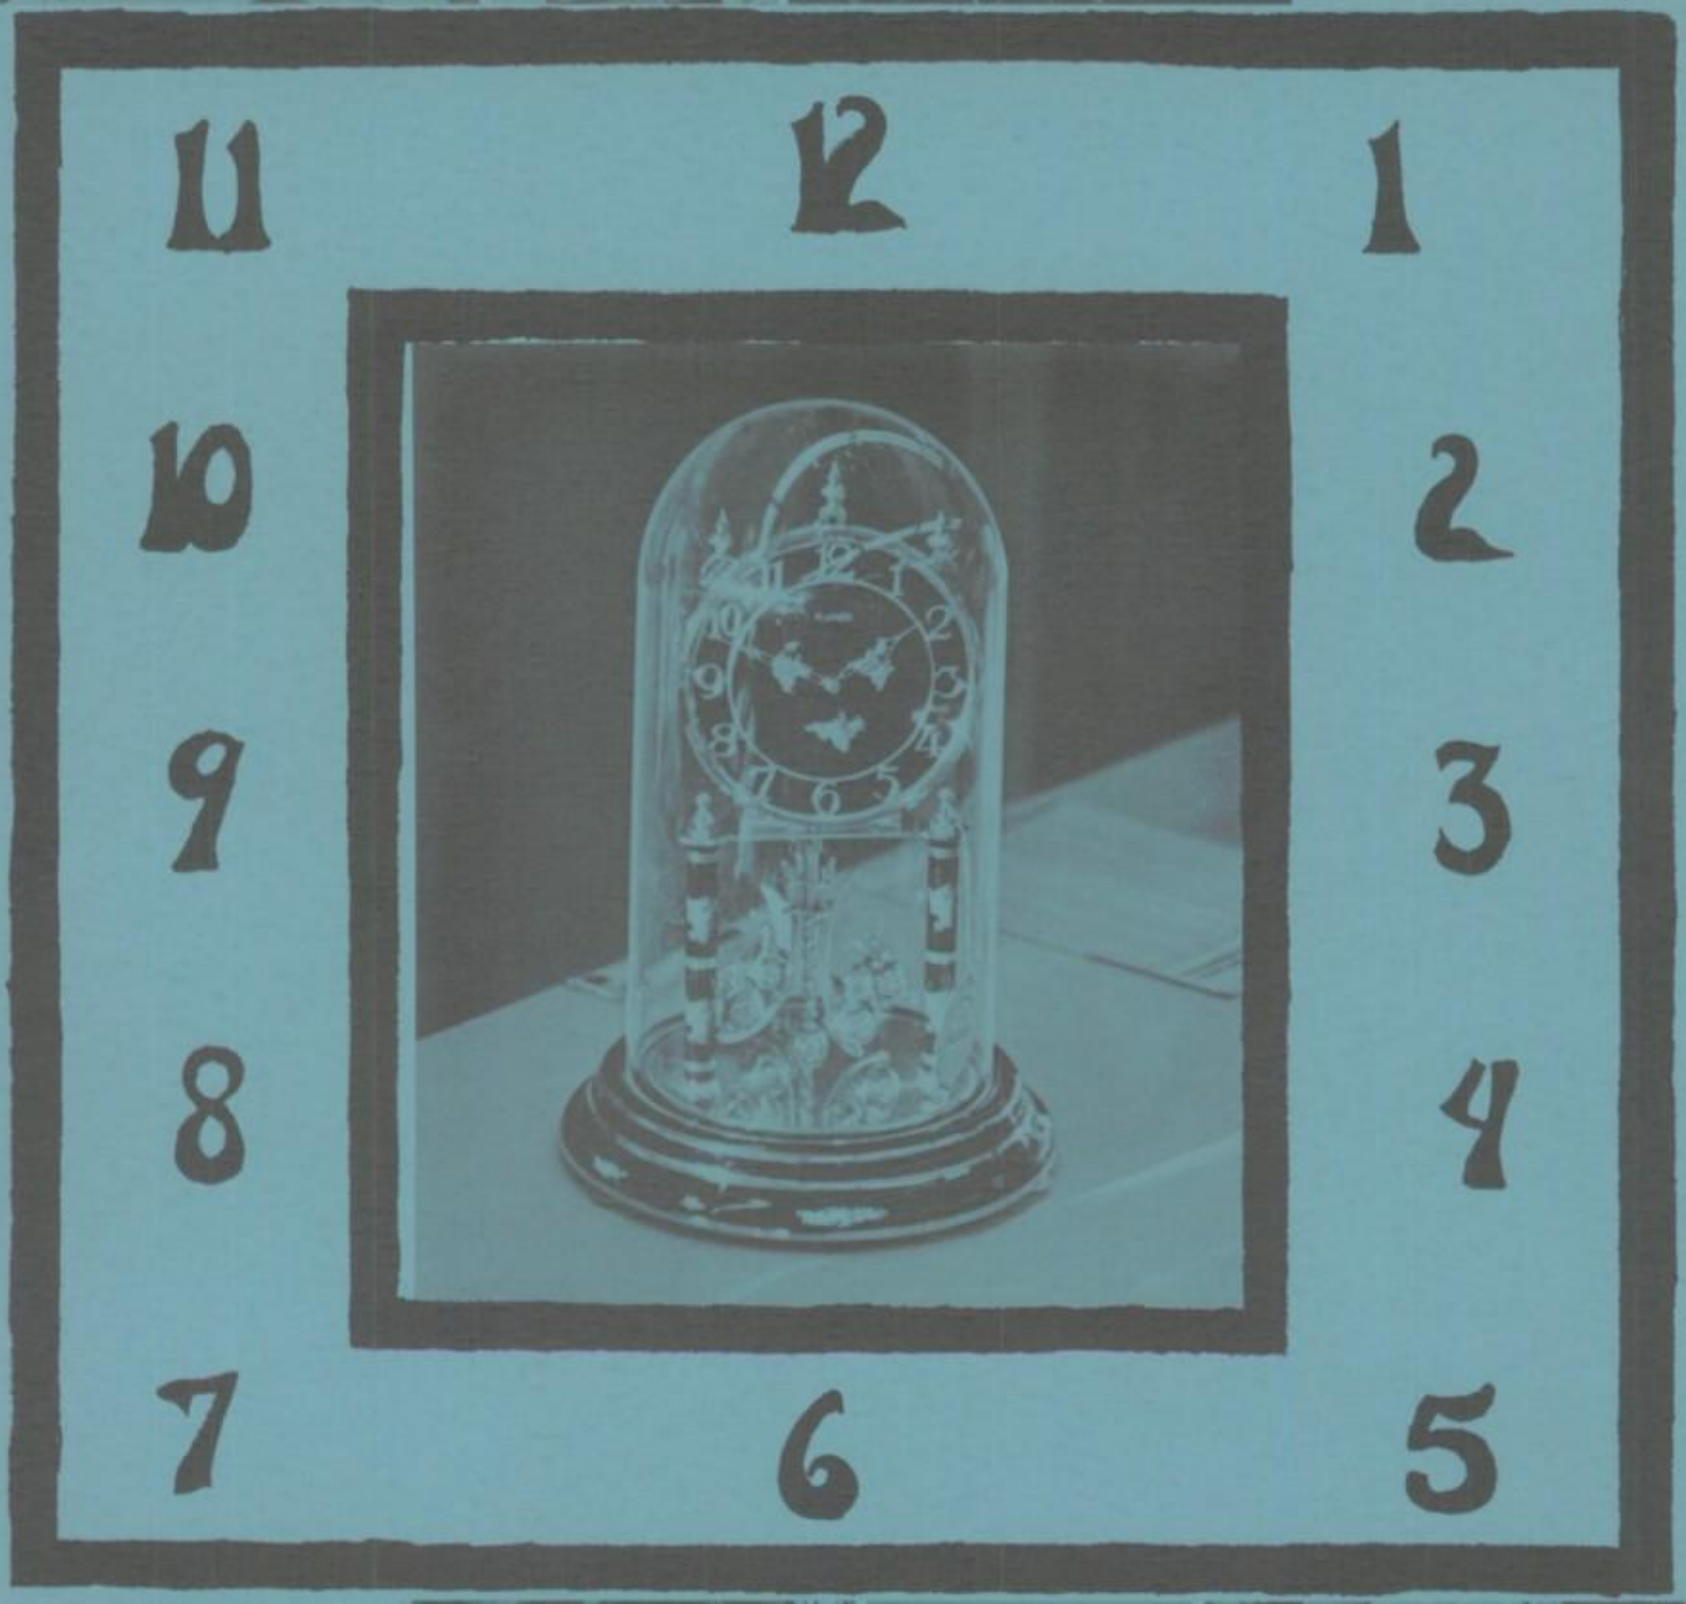
Ecclesiastes 3:1-8

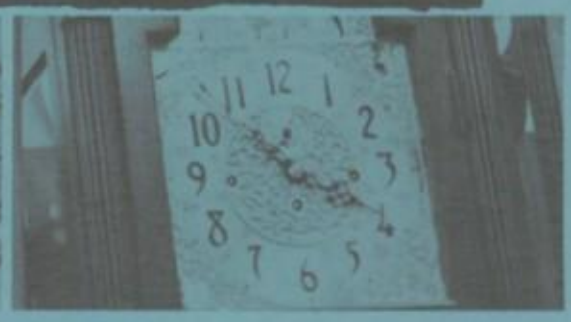






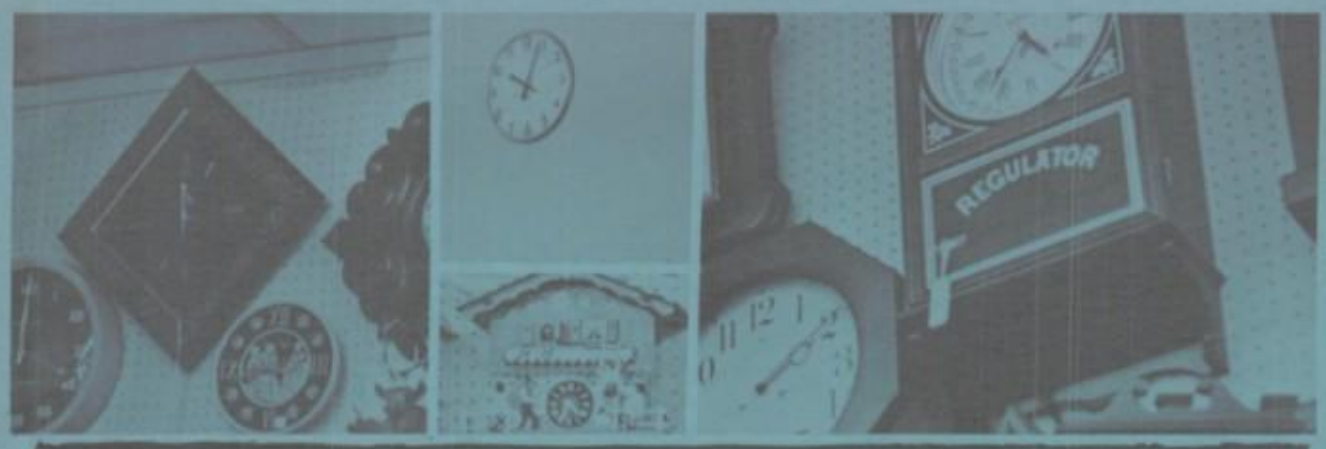






The clock indicates the moment; but what does eternity indicate?

—Walt Whitman



CONFIDENCES

What is Now but tomorrow's past?
In the future he said,
"Far within cars, the parking-lot cars,
Drifting upon time's fleeting-smooth wind—
There you find gatherings, the small talk gabble
Of long-gone younger friends and other beings,
Now older, wisped;
Within thoughts, dreams, you grasp distant cheers
Of a once-known crowd where then—
Then, you say—we were all together.
(Were we all together?)
The sun's winds cried 'Rejoice in your youth.'
As echoes and billows of 'What's on the roof?'
Swirled inknowlingly or inmeaningfully about your younger mind.
Time brings age, time brings weight, time brings resignation."
And in that soon-then, ye successes and delusions,
Ye knowns and unknowns (said the young he, already sounding stodgy).
Perhaps in a supermarket or a restaurant
Or at a show—or maybe at a then-party—
You'll meet the old friends, the worn friends,
And you will speak: "Jeeze, it's been years!"
Do you remember—?"
(Always you'll depend upon memory, always.)
And to your spouse you'll say,
"Guess who I saw? Well wadda you know . . . "
But back in the new Now,
Submerging parts and dreams, you'll go.
Should I tell you to quickly ironglasp Now
And drain it (in gulps) of the drops of Life?
But not always can we do so . . . And would you laugh . . .
What is tomorrow but a far-flung reflection of Now?
(He coughed, then walked slowly down the hall
And past the remains of pep-rallies.)

David Kleist

Dear Seniors:

In a very short time you will walk down the aisle and recieve that precious piece of paper—your diploma. I will sit nearby thinking of how short our time together has been at Souderton Area High School. It seems like only yesterday that I looked into your apprehensive eyes at our very first assembly. Now, three years later you will walk confidently into the world of countless mysteries. It has been a great honor and pleasure to serve you. Hopefully, you have learned that more patience and feeling toward your fellow man is so desired today. Take these good teachings and use them as tools of wisdom in your everyday endeavors and you will succeed in life.

I shall miss you all!

Sincerely,

Dolores Lawrence

DEDICATION

To the graduating class of 1977, no teacher has been closer to us, for Mrs. Lawrence has been with us from the start. She has done more than her share of educating and helping everyone.

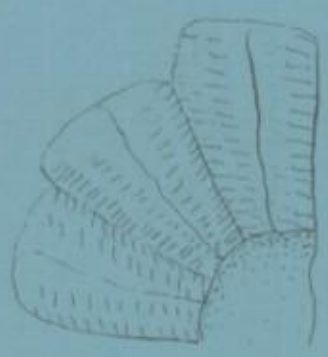
Perhaps some knew her better than others, but her name still strikes a familar note with every senior. Mrs. Lawrence has never been too busy to extend some of her time and knowledge to those in need and for this we are especially grateful.

In leaving Souderton we will surely miss this lady who has dedicated so much of herself for the growth of others.

And so in deep appreciation of all she has done for us, we would like to dedicate our Unaliyi '77 to our class advisor:

—Mrs. Dolores Lawerence

19 SENIOR CL



We, the Seniors of SAHS
With the sound minds and bodies that we possess,
Do leave to our beloved school
All our acquired treasures and jewels.
And even though it may amount to nil,
We present below the Senior Class Will:

Patty Motsay leaves all the marching "Moles" to **Nancy Camburn.**

S. Baker, V. Alderfer, M. Bardsley, D. Matczak, B. Hoelzle and **C. Althouse** leave their 11th grade Smiley Club membership, (however short lived) to any underclassmen who wish to take it up again and become "official cruisers".

D. Hager leaves the food in the Vo-Tech cafeteria to any underclassmen with an iron stomach.

David Bitner leaves his jokes, we hope.

D. Tomaszewski and **B. Giuglianotti** leave their last names to anyone who can spell them.

Tim Alderfer leaves to become another Fonz.

Armand Arcaro leaves, because after three years it's the thing to do.

Chuck Suida leaves some of his 6'4" to **Sue Styer** and**Tammy Groff.**

Ingrid Sidorov leaves the echoing voices of the cheerleaders to irritate anyone trying to work in the lobby.

Tim and **Debbie Freed** themselves at last.

Paulette Booz leaves her super efficiencey to any underclass VT who can handle a teacher's job.

Linda Baker would like to leave all her problems behind, but they decided to stick with her.

John Griffin leaves, still wondering who his "secret pal" is. Was it all a practical joke straight out of Ann Landers?

Jim Moyer leaves without a sound.

D. Hoagey and **L. Guinther** leave together, like always.

The **Senior Psychology** students leave with Mr. Weiss' Text books hidden under their Id.

The **Senior Yearbook** staff leaves the Junior staffers #4 pencils, nerves of steel and dead lines.

Doreen Kuhn and **Bob Poinsett** would leave their good looks, but they look so good on them.

Matt Cowell leaves his illegible handwriting to anyone who can decipher Egyptian hieroglyphics.

ASS WILL 77

Deb Thomas leaves to join the other two stooges.

Barb Fenstemacher leaves to join a reservation.

Cheryl Price leaves with pride.

Brenda Storey leaves to tell another one.

The Senior Soccer Players leave their locker-room pin-ups and egos to anyone who can handle them.

Lisa Barr leaves the scent of strawberries lingering in physics class.

Carl leaves—What the **Heck**

Peggy Leister is leaving to go back to normal.

B. Branning, K. Gerhart, B. Musselman, A. Barndt leave their voices to **Mr. Leight.** He needs encouragement with the better half of the chorus leaving.

The seniors of Big Red Band leave to buy **Grandma Brentzel** a pacemaker.

Dave Kleist leaves Mr. Ahern on the thin line between reality and insanity. (What **is** truth??)

Jack Nuschke leaves his famous proverb, "When you're dead you're dead, " to the English department.

Anne Edwards and **Chuck Suida** leave for the men i

Mark Miller leaves, debating as usual.

Marty leaves **Nau** or never.

Mike Ford leaves because he has a better idea.

Renita leaves because she isn't getting any **Younger.**

Janel Schwoyer and **Jeff Yothers** leave singing.

George Fisher leaves asking, "What's on the roof"?

The Seniors leave to **Mrs. Lawrence,** our class advisor, serene peace and quiet after three hectic years of constant confusion and chaos.

We leave to the **Juniors** the priceless toga of seniority.

We leave to **Mr. Mancini,** our efficient principal, our appreciation for his three years of hard work and headaches on our behalf.

There isn't any "now". By the time you've said the word, your "now" is "then". —Anon.

IMPORTANT
OUR STATE ATHLETIC REGULATORY BODY DEMANDS: That we maintain optimum crowd control to ensure the safety of Athletes and Fans.
In order to carry this out we ask that all Fans remain in the stands. The only exceptions would be the Refreshment Stand or the Rest Rooms.
The Security People will ask any Wanderer to be seated, if that request is not met then action will be taken.
WE REQUEST YOUR COOPERATION
Thank You

The Class of 1977:

As you the Eighty-third class to graduate from this institution go forward to serve, you are urged to emphasize the positive aspects of individual character.

This world needs your help providing it promotes goodness through a healthy attitude. Anything less would tend to add to what is often not the most desirable.

Strengthen yourself as well as others by concentrating the nice things people do and forgiving the not so nice. Imitate Abraham Lincoln by believing that character is like a tree and reputation like its shadow. The shadow is what we think of it; the tree is the real thing.

Many thanks and best wishes to each of you.

Sincerely yours,

Albert Mancini

Class Officers

The elected class officers are very important because they plan the fund raising events which are the only financial backing for the class. With the support of the class, these officers were successful in planning and carrying out a number of events. Among these were the sale of Souderton jackets, the magazine sale and the Valentine Dance by the Sophomores. The Junior class has worked very hard to raise money for the Christmas Dance and the Junior-Senior Prom by holding a Pancake Breakfast. Without the guidance of these people, the class wouldn't be so successful in there endeavors. We thank our officers for their hard work.

PANCAKE BREAKFAST

This year's breakfast was held on Nov. 25, in the early morning hours before the big Thanksgiving Day football game. The Juniors, under the egis of Miss D'Agostino, prepared a culinary triumph. Local businesses joined us in supporting the Junior class by contributing all the materials necessary for a successful meal. Early-rising students cooked the food which was served to an appreciative crowd from seven until nine that morning.

Gee, thanks, Julie!

ATHLETICS

time-out time-out time-out time-out time-out time-out time-out time-out

The Football season of 1976 was one of total school involvement. The Pennridge Pep Rally in early September left little doubt that this was to be a tremendous year. Almost 200 Souderton students held an enthusiastic rally in the Pennridge parking lot and those same students joined the entire student body in traveling to Pennridge that evening to share in a 26-7 victory. From its beginning in September, to the frozen evening before Thanksgiving, it was a year of great school spirit. The Indians finished with a 7-4 season and third place in the heavily contested Bux-Mont League. It was a fitting climax to see the last game come down to an exciting "come from behind" victory in the closing seconds on Thanksgiving Day. The nine seniors will long remember those great moments and their final football game.

HOCKEY

The 2-4-3 record of this year's Hockey Team was no indication of the overall strength of the team. The problem was in scoring goals. They allowed only one goal per game, but scored less than one goal per game. Since the team was young, seven letter winners will be returning next year.

The team was led by Senior Captain Beth Fitzpatrick, 2nd team all Bux-Mont Selection Co-Capt., Lisa Clemmer, honorable mention, and Patti Godshall, all Bux-Mont 1st team. Future teams will find it hard to surpass the outstanding spirit possessed by this year's Hockey Team.

SOCCER

The Soccer team had a successful season this year, and Coach Hottenstein said that the team displayed a good attitude toward the game. He also feels the team did a good job because the games that they lost were only lost by one or two points. Coach Hottenstein said he is looking forward to a good season next year with upcoming underclassmen. He also stated that the team had a lot to be proud of this year.

CROSS COUNTRY

Seniors Artie Barndt and Tim Gannon made outstanding efforts in leading the 76-77 Cross Country Team. Because the team was small, each of the participants shared a common feeling of enthusiasm. Tim Gannon should be especially commended for running the 26 mile Marathon. Tim was the first Souderton student to ever complete the 26 mile run.

The team was superbly coached by Mr. Crittenden, who feels that the record of the team is not an accurate reflection of the enthusiasm or enjoyment of the team members.

GOLF

Row 1: B. Kramp, W. James, T. Whitman, J. Griffin D. Landes. Row 2: Mr. Hartman, M. Weiss, C. Moore, G. Catarious, P. Delp, S. Frederick.

This year golf has changed from a spring sport to a fall sport. The golf team compiled a 4-6 record for the 1976 season. However, five out of the six losses were by less than ten strokes. The team often competed under weather conditions that were less than ideal.

Juniors Bill James and Scott Frederick led the team, but were closely backed by Seniors John Griffin and Tim Whitman, Juniors Chris Moore, Drew Landes, and Phil Delp, and Sophomore Mike Weiss.

This year's Girls' Basketball team had a most successful season, and Coaches Price and Harris were very pleased. Seniors Patti Godshall, Patti McGeoy and Marge Connelly were invaluable assets to the team. Fortunately, with players such as Becky Derstine, Laurie Beckstead, Colleen Cieslinski and Sandy Snyder returning, next year promises to be just as good. This year certainly provided many breathless games and a finish to the season few contenders to the league title will ever forget.

This year's Souderton Varsity Boys' Basketball team consists of 4 seniors, 6 juniors, and two sophomores.

This season wasn't as successful as was expected, but all of the team worked very hard.

The Varsity team is coached by Mr. Hottenstein and the Junior Varsity is directed by Mr. Ahern.

Coach Hottenstein feels very optimistic about next year's team.

Whether you're big and tall, or short and small, any male student can participate in a sport where he is pitted against a competitor of his same size—wrestling. The '77 Wrestling team put in many hours of grueling practice. Coached by Mr. Darryl Smith and assisted by Mr. Stan Smith, the team had 18 members in various weight classes. It was a year of learning and growth. Many of the team members ended the season with winning records.

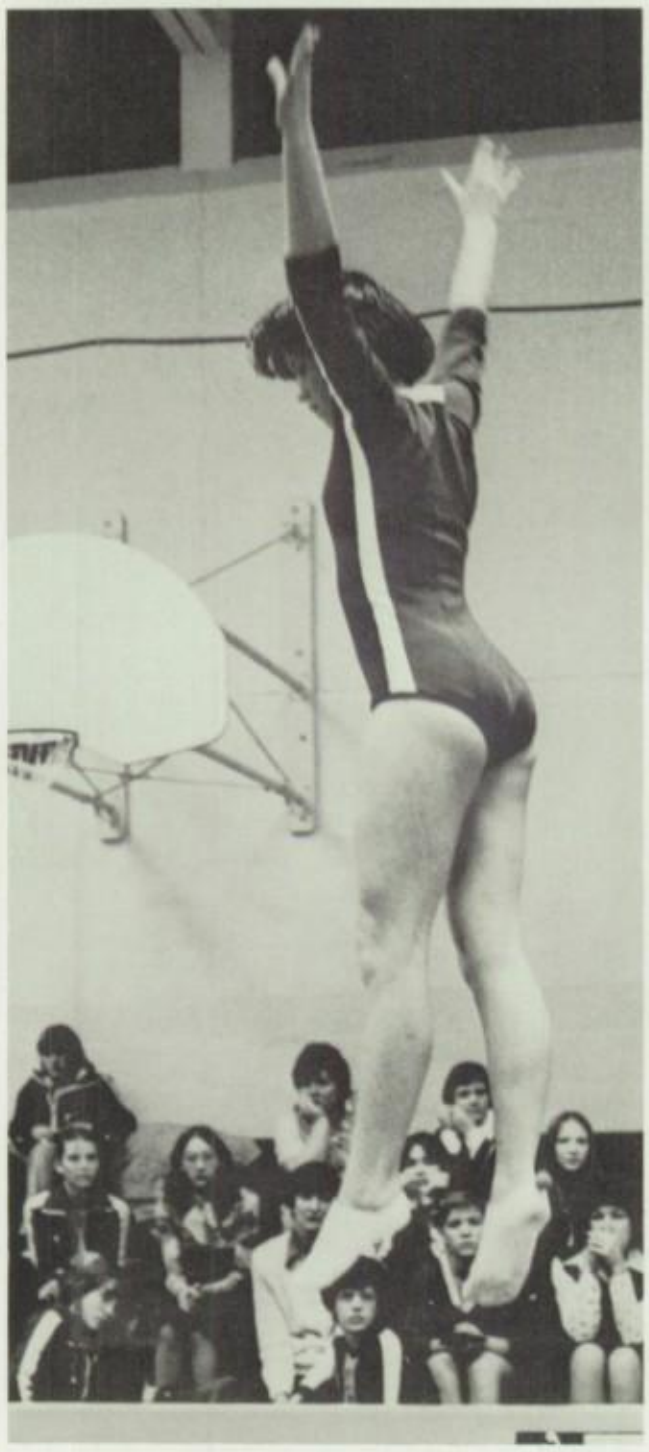
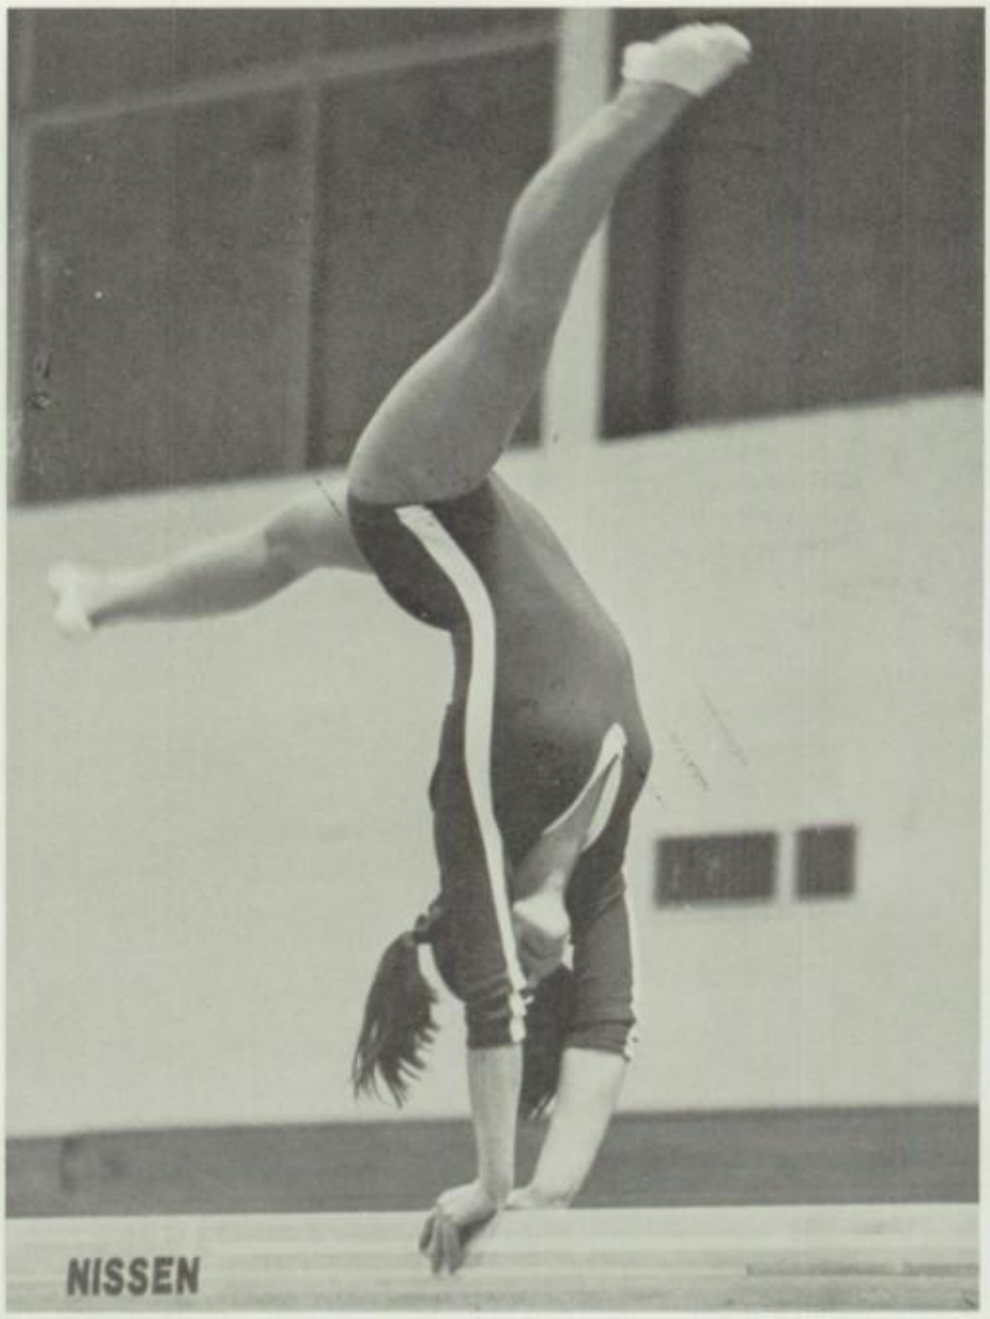
GYMNASTICS





The Girls' Gymnastics Team is in its second year of existence at Souderton. Coach Deb Veith instructs the team of about twenty members on the uneven parallel bars, the balance beam, the mats (floor exercise), and the horse. The diligent team practices everyday either after school or at night. There are also extra practices on Saturday. Floor exercise and vaulting have been Souderton's points. It looks like next year is going to be an excellent year for Souderton's hard-working gymnasts.

This year's photographers were Jane "P" Phillips, Linda Storck, Jill Landes, and Mark Krueger. It was difficult for us to get a picture of Mark, since he was always on the wrong side of the camera. The staff would like to give a special "thanks" to these people for their many hours of endless picture-taking. They were always trying to capture the right mood or the best play of the game.

ARROWHEAD

Under the supervision of Mr. John Crittenden and Editor, Bart Ziegler, the "Arrowhead" is designed to inform the student body of "happenings" in and out of school. Journalism is offered as a two semester course to teach students the basics of creating a newsmagazine. This year there were two classes, 42 students altogether.

The "Arrowhead" is considered one of the best high school newsmagazines in Pennsylvania and has received a first place award by the Columbia Scholastic Press Association.

Seniors Deb Richter and Linda Potuchek with the help of Mr. Smith, compile and type literary contributions from students. Any student can submit writings. Their published product is a booklet called ISM. ISM offers some marvelously original poems and short stories.

If you've noticed there are two distinct groups of students in SAHS. When the first snow flurries fall there are students who are mildly excited about the cancellation of school, and become ecstatic at the prospect of the first major snowfall. These students await the ski season with a kind of enthusiasm unique to skiers.

Our school has a club for these fanatics. The Ski Club has abut thirty members, including four co-ordinators, and the sponsor, Mr. Calamia. The group traveled to Elk Mt. and Camelback this year.

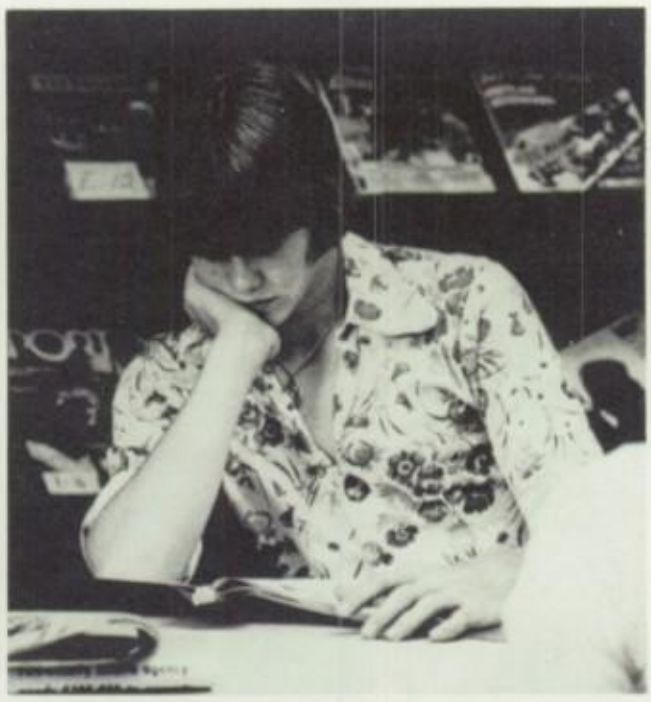
"Becky, do you always read like that?"

"They just don't make Playboy like they use to."



The members of the Media Club devote their study hall time to the running of the Media Center. Besides keeping the Center organized and neat, they also help to repair worn bindings on books, fix the televisions in the classrooms, conduct the morning program, and even go to classrooms to help run the A-V equipment. Their various duties are supervised by Mr. Tubio, Mrs. Stockdale and Mr. Wetzel.

FBLA

The Future Business Leaders of America is a nationally chartered organization that prepares its members for the world of business. It is sponsored by Mrs. Williams. The club's activities are varied, including the running of the Student Store and visiting of area offices to observe daily procedures. To help them in these trips, the club raises money. This year they held a bake sale at area shopping centers.

STUDENT STORE

The Student Store is yet another service provided to Souderton students by the students themselves. It is run by Jill Landes, and sponsered by Mrs. Williams and the FBLA club. The store opens for business after school each day, and during sporting events. At the store there is an assortment of merchandise ranging from school supplies to ice cream, SAHS scarves to soda, and candy to red and white pompoms.

Medical Careers

Medical Careers Club involves people interested in any career that is related to medicine. They meet monthly to plan their activities. These include Christmas caroling, March of Dimes collections and many guest speakers. The advisor of the club is our nurse, Mrs. Cooper. The Foreign Exchange Club is composed of students who enjoy meeting and learning about foreign students and their countries. Some of the club's major activities are the International Weekend, and the Christmas Party. In addition, club members have the opportunity to have foreign students from other area schools visit them in their homes.

To make money for these events, the members sell popcorn at football games, and help with the Adult Foreign Exchange winter fruit sales.

The Big Red Marching Band is a component of the instrumental music department at the high school. Under the direction of Mr. "Reds" Winzer, the band consists of 118 playing members. This year's production is a combination of sound and motion using marching patterns set to the music of "Coronation Scene", "Pack Rat", "Black is the Color of My True Love's Hair", "Bully" and "Feelings".

Not only does the band march during football halftimes, but they also are participants in the Class A competition for the fifth year.

Creative Dance, under the direction of Miss DePaul, is a group of fourteen lithe female members. Attired in black leotards and ballet slippers, the girls spend most of their time exercising and rehearsing for their shows. One of their most stupendous productions, which took place on February 12, had a popular theme—"That's Entertainment". This particular show displayed several different techniques of dance, such as ballet, jazz, interpretive and belly-dancing.

Indianettes is an organization which promotes girls' sports. Miss Jones is the faculty advisor. The members raise money for the girls' sports banquet at the end of the year, and the Senior girls' charms. They have meetings to elect the Indianette of the Week, to have sports demonstrations or even to play parent vs. student hockey games.

STUDENT FEDERATION

The Student Federation, supervised by Miss Schultz, is an organization, not a club. The many members are divided into four parts: activities, finance, indoor communications, and outdoor communications. The purpose of the group is to write a student constitution and organize an active student government. The group also participates in charity work for the Red Cross and the Easter Seals Foundation.

Maybe that wasn't the thing to do after all!

This is a real dilemma.

SENIOR LOUNGE

Like the Breakfast Program, the Senior Lounge is another alternative to study hall. It is a privilege of rank, only open to Seniors, mods 4 through 10. The Breakfast Program offers a student an opportunity to replace a morning study hall with one of the more nutritional aspects of our school. Upon admission to the cafeteria, the student can choose from a variety of foods that include donuts, breakfast bars, hot chocolate, coffee and juice. The less restrictive atmosphere provides a time for relaxation and conversation. One of the unique qualities of the program is the fact that it was conceived, organized and maintained by the students themselves.

They are part of a program called CITE in which many students get pay and experience while working in the community. Some of the places of employment are Levine's, Hatfield Packing, Let's Drive-in Henning's, construction firms and area homes for the aged. CITE provides a meaningful and worthwhile experience for all who participate.

COMMUNITY BASED

Community Based is a program in which Seniors work in the community for a half day without pay. This provides them with valuable experience and insight into their chosen career. Unfortunately, only two students are participating in the program this year. Wendy Godshall and Mike Irwin both worked at E.M. Crouthamel Elementary School this year. Both worked in the Special Education department as teachers' aides.

KEY CLUB

The Key Club, consisting of approximately twenty-five members, is one of the most important volunteer organizations in the school. It is under the guidance of Mr. Gill. This service organization has committed itself to many diverse and worthwhile projects both in school and in the community. These projects include the collections of funds for the March of Dimes campaign and the renovation of the Souderton railroad station. The Pre-Thanksgiving Day bonfire was another example of the Key Club's commitment to serving the needs of others. The club chronicles these events in a display case in the Annex. All the activities of the Key Club represent the donation of many hours and much creativity from its members.

Twenty-one seniors and seven juniors comprise the Souderton chapter of the National Honor Society. Scholarship, public service, leadership and character are the categories on which the selection of members is based. A senior must have a 3.5 grade average, while a junior must have a 3.75 average to be considered. A committee of seven faculty members reviews the qualifications of each applicant, and makes the final decision. The members, as part of their responsibilies, choose an area in which they excel, and tutor other students.

This year the club's projects have included collecting rubbish to help improve the appearance of the stream behind the Harley Mall, and surveying the community for energy consumption in an effort to help conserve our energy. The club also tested cars for poisonous gases at a local service station. An important part of the SEPS program is the instruction of elementary school children in energy saving habits.

What if William Shakespeare appeared in our school one day? Or Robert Frost? Or H.G. Wells, or Pearl S. Buck? Each would probably be flattered to find his talents represented in our English curriculum. Our department offers not only basic grammar and composition courses, but also a variety of elective courses for the intellectually selective (eg. American Cultures Seminar, English Advanced Placement).

Most of these courses are open to a student on a one semester basis, allowing him to sample up to five courses within his three years at the high school.

New courses are designed upon teacher initiative, or pupil request.

Many of the courses provide an opportunity for a student to learn in a smaller class atmosphere.

Souderton's science curriculum concentrates on Biology, Chemistry, and Physics. Everyone must take Biology, an enjoyable course if you imagine yourself at the side of the famous bacteriologist Louis Pasteur while examing your orange, pathogenic bacteria. Chemistry, a popular elective, is made interesting by lively demonstrations and lab experiments. If only Mendeleyev could see Souderton's use of his periodic chart! Madame Curie herself couldn't be more pleased with the Physics courses offered. The enterprising students who take these courses explore the practical properties encountered in daily living.

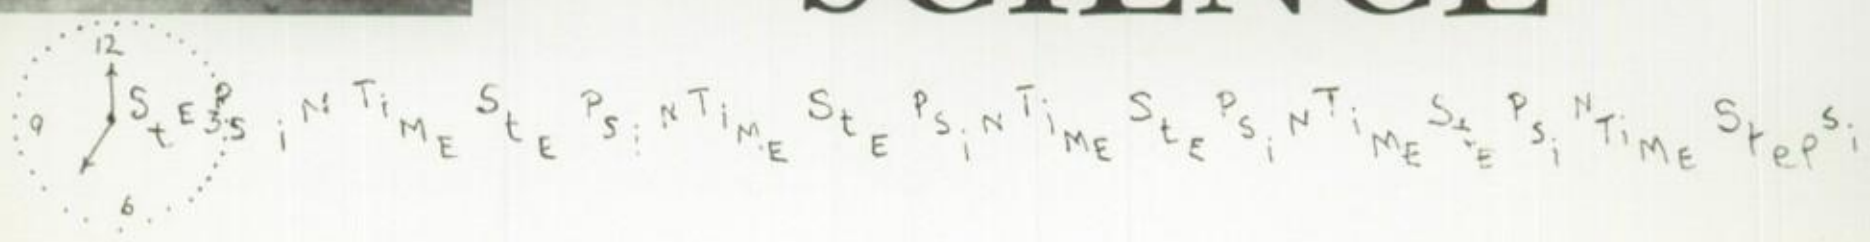
SCIENCE



What happens when you combine the talents of such geniuses as Einstein, DesCartes, and Pythagorus, along with the wit and humor of such giants as Snook, Herrold and D'Agostino? You get a fun-filled period of learning, that's what! What was once considered as one of the most boring divisions of the three "R's"—reading 'riting and 'rithmetic—is now an appealing ingredient in a student's class schedule. You need not worry about particulars in this course, for all the details are explained thoroughly—from logorithms to periodic function, corolarries to indirect proofs. So, next year, if you are a sophomore or a junior, take that big step and live dangerously. Take that Math course that you were so curious about. In all "probability" it's been "therorized" that you'll "function" to the "nth power"!

Rembrant's flair for painting and Picasso's talent for drawing will never be equaled, but their patterns of art are frequently studied and imitated in some of the industrial art courses offered in the High School, however, the courses aren't just limited to painting and drawing a les cultures of the world. There are also selections such as photography and jewelry making. In fact, there's something for everybody in the industrial arts department. The formula for success in these courses is simple—originality plus a little bit of dedication. Admittedly you may never turn out to be the Harry Winston of the jewelry world, or any other noted soul, but you bound to have lots of fun in the attempt, though!

BUSINESS

Souderton High School should be able to produce students ready for business oriented careers to rival such identities as Elizabeth Ray and Gregg because we have such a comprehensive Business Department. Whether a student wishes to pursue a secretarial career or any other business career there are a wide variety of courses open to him such as accounting, typing and record keeping.

The immortal Galloping Gourmet, Julia Childe, Betty Crocker, and Ann Landers, are certainly in for some stiff competition! Souderton High School Home-Ec students are totally into cooking, family living, and the like. Yes, they're on a rampage! If, per chance, you were to stroll by one of the cooking classes, such as Space Age Cooking, or International Foods, you'll hear shrieks of "Sugar attracts more flies than vinegar. So cover the sugar

Even though the classes are amusing and apt to stimulate creativity, many essential basics are stressed. But many of these are just common sense and safety precautions. So if you want to take a course like these, be sure not to overlook one of the finest departments—the Home-Ec Department.

Qu'est-ce que se passe? Qu'e tal, amigo? Sprechen sie Deutsch? Quid agis? Those are some of the most familiar sounds that one might hear upon walking into one of the language rooms. It makes no difference whether the language may be modern or foreign—the activities are many and entertaining. Agreed you may not be exposed daily to such thrills as Don Quixote's hair-raising adventures, Marie Antoinette's execution, or even Caesar's brutal assination, but then again, who wants to get that close to such thrills?

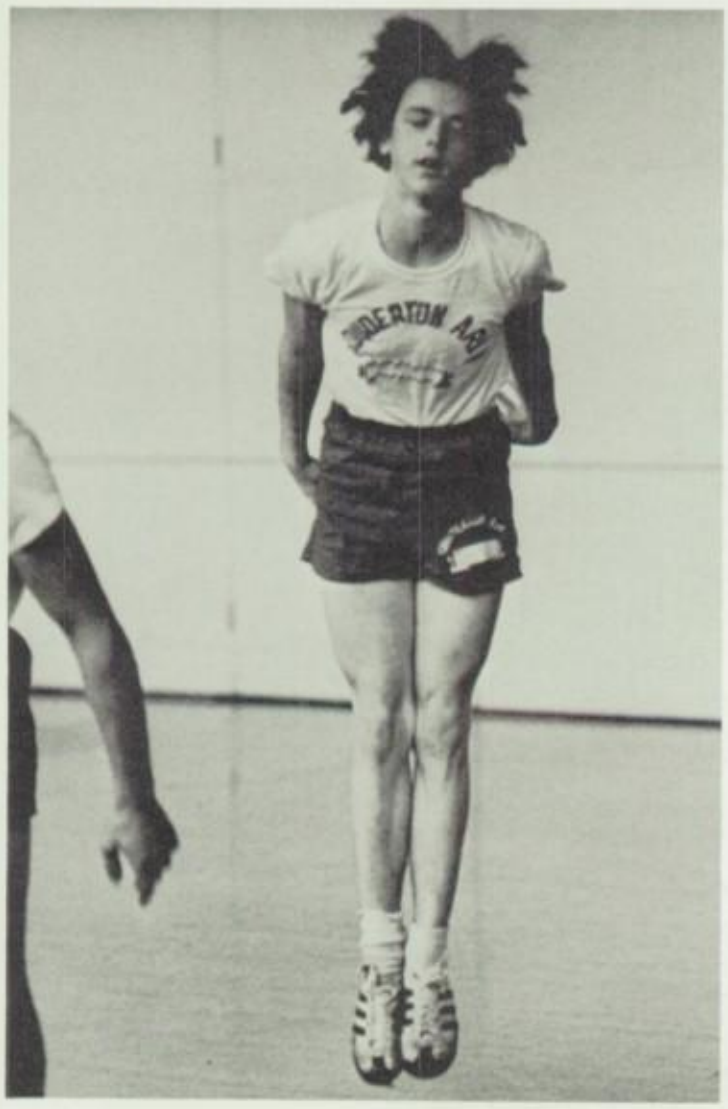
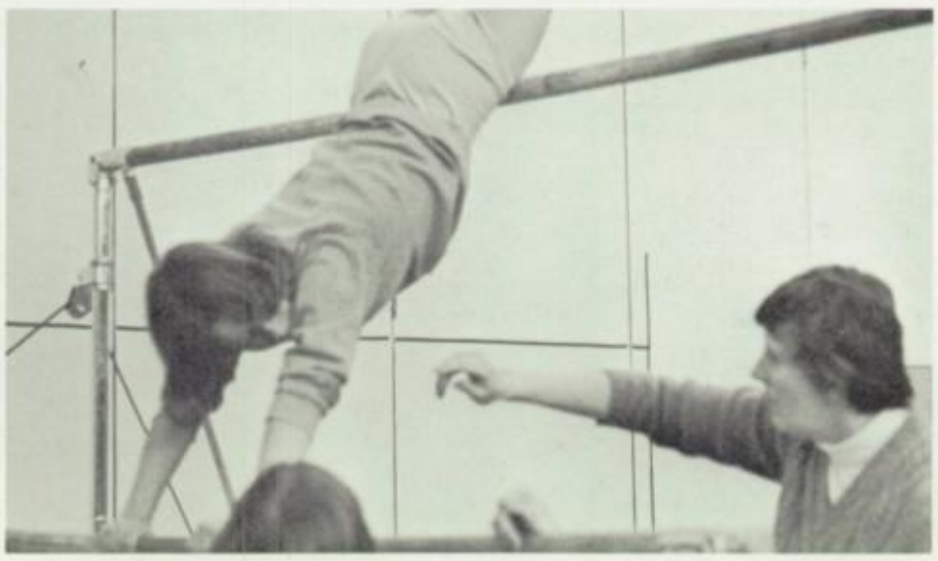
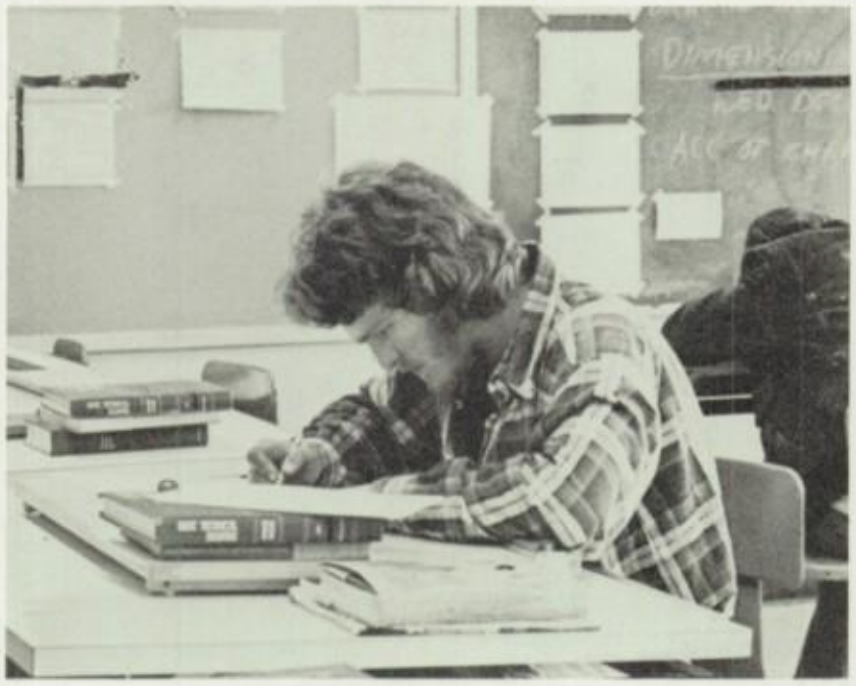
GYM

Physical education is one of the required courses for all students at the high school. It is also, for many students one of the highlights of the school week. The gym instructors are constantly introducing varied activities into the students' schedules. The instructors may never produce any Olga Korbuts, or Jimmy Connors, but, no matter! Everyone has lots of fun in the process.







The North Mont-Co Vocational Technical School is a unique alternative to the traditional school day daze. The multi-purposes of the school are to work for experience, gain trade competence, and to graduate with a salable skill.

Every year the Vo-Tech students take the balk of the prizes in the career development activities.

Many of the students' accomplishments are for the benefit of the community. The most stupendous community service was the completion of the Towamencin Township Building. Other services included the continued construction of the Montgomery County School for the Impaired Hearing and the sign pier for Corpus Christi.

Footfalls echo in the memory
Down the passage which we did not
take
Towards the door we never
opened

T.S. Eliot

We remember Clark Keller, our classmate, who died this past year. We think of the doors he will not open, and of the many he opened for us, and we remember.
